WE EXIST TO CONNECT PEOPLE TO A GOD-FIRST LIFE

As we reflect on the last year of Xperience Church, we are overwhelmed by God's blessings. Each year, we continue to see growth as a church as more people surrender their lives to Christ, go public with their faith through water baptism, and commit to living their lives for God.

This year has been no different. The data shown in this report is so much more than just numbers. The numbers represent stories - stories of perseverance, stories of grace, and stories of radical life change. The Lord celebrates each of those stories and deeply loves the people behind each story.

This is why Xperience Church exists - to connect people to a God-first life. Whether you have been following the Lord for decades or for minutes, each one of us is on a journey to love Him more and to put Him first in our lives.

Thank you for being on this journey with us. Thank you for celebrating the lives that have been changed, and will continue to be changed. We are so thankful for each of you, and are honored to be your pastors.

TESTIMONIAL

RICKY SANCHEZ

A photograph of two men, Ricky Sanchez and a friend, speaking at a church event. Ricky is on the left, wearing a blue t-shirt with a 'Raised' graphic, pointing upwards with his right hand. The friend is on the right, also in a blue t-shirt, looking towards the camera. The background is dark with blue stage lighting.

"Growing up, I went to church with my mom, but I didn't have a relationship with God. I was the problem child, and my struggles with alcohol and drugs only grew worse when I went to college. I tried living apart from God, but with that freedom came abuse, and eventually, I was dismissed from school because of my choices.

In my lowest moment, I prayed—even though I wasn't sure God was real. He answered. I promised that if I got a second chance, I would give Him my all. When I was accepted back into college, I kept that promise.

In January, I walked into Xperience Church and felt God's love for the first time. At that moment, I knew I was home. I gave my life to God, my addictions disappeared, and my life was made new. I recently got baptized to celebrate my commitment to Him and all that He has done in my life.

Today, I serve throughout the church, have accepted my call to ministry, and found my purpose in Defiance. My older brother Zeke never stopped fighting for me. Out of anybody I have in my life, he is the only one who truly saw my struggles and believed I could change. Thanks to him, I'm not only serving here at Xperience, but I now want to pursue full-time ministry. It only took 1 person to believe in me, but now I have a whole army of people who believe in me.

Don't wait like I did—take that step of faith. Sometimes it takes hitting rock bottom to realize God is the Rock at the bottom."
